Quarterly Statistical Report

This report presents key findings from the casework of the Service Complaints Ombudsman for the Armed Forces. It supplements data released in the [Annual Report](#)

Figures presented are **provisional** and are subject to later revision. They are produced in the spirit of the [Code of Practice for Official Statistics](#)

SCOAF Investigations

The Ombudsman's powers of investigation are limited to:

- Review of **admissibility decisions**
- Undue delay** in the handling of a Service complaint or Service matter
- Substance** (merits) of a Service Complaint that has been finally determined
- Maladministration** of a Service Complaint that has been finally determined

Please note: Complainants can submit multiple applications in the same quarter (e.g. Maladministration and Substance) and therefore be counted in multiple application categories.

Number of Service Complaints beyond 24-week target (i.e. 'red flag' cases)

Tri Service 'red flag' cases

From January 2013, the Services were tasked by the Ministry of Defence (MOD) to resolve 90% of Service complaints within a 24-week timeline. 'Red flag' cases are those which have exceeded this target. It is a Key Performance Indicator as set out by MOD.

* Due to a JAVA issue, professional Service Complaints users of JPA were unable to access key areas over the period 17 Aug to 31 Aug, after which full functionality was restored. This means that red flag data as at 31st August was not available to SCOAF. Figures for August 2023 have been calculated as the mean of figures for July 2023 and September 2023.

Number of 'red flag' cases

- At end of Q3 2023, the three Services had 183 'red flag' complaints open – a 2% increase on 3 months previously (180 complaints in Q2 2023), and a decrease of 27% on the same time last year (250 complaints in Q3 2022).
- The Royal Navy reported a 22% decrease from 12 months ago (from 72 cases to 56 cases) while the Army reported a 15% decrease (from 140 cases to 119 cases) and the RAF reported a 79% decrease (from 38 to 8 cases).
